**Charles A Brown High Alumni Association  
P O Box 532  
Ladson, SC 29456**

Dear Alumnus,

The Charles A. Brown High Alumni Association (CABHAA) is interested in capturing information about those persons who graduated and have gone out into the world to **"climb the ladder of success."** We know that our school legacy is immersed in great things that former Brownites have done. It is our hope that we can capture this valuable information and document it as a part of our rich history. If you or any of your family members have been **the first** to chart the course of a new position, career opportunity, invention, etc., please submit a brief write-up of the special event. For example, if you were **the first** to hold a particular position or title within an organization, we want to know. We have obtained information about the first black to attend the Citadel, first Brigadier General, first Ambassador, first Wall Street Attorney and first Vice President of a University, all graduates of our Alma Mater. This information will be used during the Christmas Gala to recognize each alumnus for their accomplishments.

The information should be submitted to the above address or e-mail to Joey Washington at [joswashesr@aol.com](mailto:joswashesr@aol.com) or Virgie Bryant at [bryantv@musc.edu](mailto:bryantv@musc.edu).

We look forward to hearing from you so that we can spread the good news about you or any former student of Charles A. Brown High School. Remember, no job is too small and no task too simple to document if it means that you have been the first in that position to lead the way for others.

Sincerely,  
*Joey Washington*  
Joey Washington  
President
